Mike Boock, SDSA President

Hello snowmobilers,

Well, this winter has been extremely disappointing in pretty much all aspects. No snow, little to no grooming, most club events cancelled, businesses stating they will no longer be renting snowmobiles due to the lack of business, and memberships are down in almost all our clubs. Fortunately, we have a great board that is still working hard with our clubs, associate businesses, the GF&P staff, our legislators, and the Forest Service to make sure that we remain an organization that continues long into the future. I would like to thank them for their hard work and continued support. Since the Governor's Ride was cancelled, we recently met in Pierre for our February meeting. Everyone on the Board remains positive and is continually pushing our sport forward. We had a great meeting with good discussions on membership, club events, DC Fly-in, ACSA Mountain Region and Trail Region Rides, youth involvement at the state convention, and ISC.

Overall, our budget is looking great, and our staff and board are getting things done. The office has been very busy considering the snow conditions. I want to thank Mary Anne for always keeping things moving in the right direction and keeping me informed of what needs to be done. I also want to thank Jody for keeping the books in order. You two do a lot for all of us and it's greatly appreciated!

This month I am having a really hard time thinking of what to talk about, so I decided to share a little more about myself (maybe too much) and how I got into snowmobiling. For those that don't know, I was actually born east river, in Parkston, SD. I was born on July 4th, which just so happens to be the best birthday ever. HAHA! Let's just say... I love fireworks!! Our family moved west river when I was about 5 so my east river days were kind of limited, but my grandparents lived in Dimock, SD so we spent many holidays east river. I was born 6 weeks premature and was not breathing when I came out. My umbilical cord was wrapped around my neck several times and it's a miracle that I'm even here. Being 6 weeks premature meant I had to spend 6 weeks in the hospital, mostly in the ICU. If you want to know how much healthcare has increased over the years, my mom shared that the total ICU bill for the 6 weeks was only about $2800! I was fortunate enough to meet the doctor that delivered me and saved my life when I attended my grandparents' 50th wedding anniversary. Fast forward many years, and my brother, Brian Boock, asked me if I wanted to go snowmobiling one day. He said that they were going to the Snowies and I could ride my dad's Ski-Doo 670HO sled. I decided to give it a try. I took all my old ski gear and Brian gave me a helmet. When we got on the mountain, he gave me a quick tutorial on where the gas and brakes were and we were off. I was stuck about 25 feet later! I was then stuck no less than 20 times over the next couple of hours. I'm thinking I needed to know more than just where the throttle and brake were. We were having an enjoyable day as the weather was a perfect blue bird day... until it wasn't. One minute we were all laughing, making snow angels, and having a great time and then the clouds rolled in with the snow and wind. We could not see anything. We got stuck on the top and could not find our way back down to the trail. It got pretty wild as we were all starting to panic. We even talked about digging a snow cave and waiting it out. Shortly after that conversation, a snowmobile came up to us with a flag on the back that said "guide." He asked if we needed help getting off the mountain and told us to join in the line behind him to follow him off the top. There were several sleds behind him, and we all joined in behind them. Everyone told me to stay as close as possible to the sled in front of me and "whatever you do, don't get stuck!" Well, I did get stuck, but it wasn't too bad and the person behind me was able to help me out pretty quickly. More importantly, we were able to get caught up to the group. Once the group got to the road, which is the trail, everyone took off at mach 2 to head back to the cabin. I was wearing glasses at the time that were so fogged up, I couldn't see and I had no idea where I was. I finally got down the mountain and made it safely to the cabin about 15 minutes after everyone else. I believe I passed out on the couch about 15 minutes later! Brian has a picture to prove it. Everyone on that trip thought they would never see me on a sled again, but I called Brian the next week and asked, "when can I go again?" That was the start to an amazing ride! I have ridden all over Wyoming, Colorado, South Dakota, Utah, and even made a trip to Revelstoke. It has been an amazing 20+ years! I love the mountains. I love riding where very few people have been. And I love the people I have met over the years that all have the same passion. Snowmobilers have an enthusiastic sense of community and camaraderie.

One of the snowmobilers that I met over the years was Jon LaFramboise. As many of you know, we lost Jon four years ago to an avalanche. I bring this up to not only pay respect to Jon, but also as a reminder to get the gear and the training needed to protect yourself. As in Jon's case, the gear and training are not a 100% guarantee that nothing will ever happen, but it definitely helps. There have been several SDSA members that have taken on-mountain training, and I cannot emphasize this enough; it is well worth it! You learn so much more practical information that can't be taught in a 2-hour class at a dealership. Since the snow has not been cooperating to have those epic powder days, maybe this is the year you get your group to sign up for a 2- or 3-day avalanche training.

Stay safe,
Mike

SDSA President-Elect, Jason Shepherd

Hello again everyone. Man what a winter this year has been. Not a lot of snow in our are again this winter. Lucky for me I have been able to get out a few times this winter with some new people I have been able to meet. One of the rides I was on I was able to take a couple new riders out that have never been snowmobiling before. And a third one has been out of the sport for 16 years. So it is very nice seeing new people looking at the sport and trying it. And some that are coming back after being aways for many years. It was very nice seeing the smiles on there faces and the laughter also. It made the trip even more enjoyable for me. It is hard to believe that the winter riding season is coming to its end already. It just seems as if we were all at the convention getting ready for winter not that long ago. I hope that everyone has been able to at least get out and enjoy some riding this winter even though we all want to get more miles though. Until next month enjoy the last little bit of the riding year. Stay safe.

SDSA President Mike Boock, Senator Casey Crabtree, SDSA Past President Kelly Weaver, SDSA President Elect Jason Shepherd and SDSA member Bill Shepherd visited March 10 at the State Capitol.

SDSA Past President Kelly Weaver

It's the snowmobiler's mantra: Have trailer, will travel. And travel we did! Following our trip to Michigan in January, we were hoping for a trip to the Black Hills for the Governor's Ride and Membership Appreciation Ride, but it was not to be. This made us all the more excited for the ACSA Mountain Region Meet and Ride in West Yellowstone, MT. We left Aberdeen a day earlier to beat the weather and left a blizzard in our wake. We did have to fight some roads over our two-day trek, but we landed in West Yellowstone just in time to meet fellow SD snowmobilers in the parking lot. Kim Raap, Chad Schettler, Brian and Tracey Erickson were returning from their day of riding. Last year, this Region event birthed "Hannah's Chickens" and was focused on youth. It was one of the best attended Region Meet and Rides, and there were 15-20 young folks in attendance. Funny enough, 15-year-old Hannah herself came to the rescue of one young man who found himself stuck in a creek bed. There was fresh snow all around, and our ride did not disappoint. We found fresh meadows with powder coming over the windshield; it was awesome! It was also awesome to ride with young riders including Next Gen National Riders Lynsey Burzinski from Wisconsin and Korbyn Shaw of Oregon.

Friday was a day of meetings and presentations including SkiDoo ambassador and champion hill climber, Blaine Matthews, who emphasized that we are all snowmobilers working toward a common goal regardless of riding style or sport. Brent Rassmussen, assisted by his grandchildren, shared the safety gear he rides with and how these tools can be used. David McClure, one of the Black Cats, shared about avalanche safety. While avalanche gear is important, Plan A should be to know forecasts, snow conditions, and slope measurements to plan your ride outside of areas where hazards exist. Make your plan and stick to it….if you are having to deploy your avalanche gear, you've already made one mistake.

Our own Tracey Erickson gave an overview of the ACSA Future Leaders Program. The highlight of the event was the youth roundtable which featured young riders from ages 7 to 25. They responded to questions posed by the audience, and they did not skip a beat with their answers. What do you enjoy about snowmobiling? Freedom to ride, scenic views, spending time with family and friends. What can we do to encourage more youth involvement? Take them along! Be a guard rail, and not a leash. Let them do their work and provide simple guidance as needed. These were just a few of the questions and answers. It was an enlightening and fun discussion. I encourage clubs to involve their youth with a special ride or activity and ask for their input. You won't be disappointed.

The SDSA Board is making plans to visit the legislature on March 10 to share about our sport, its economic impact, and what we are doing to ensure its longevity.

Lastly, I hope to see a good South Dakota representation at ISC 2026 in Nebraska in June and even more at the SDSA Convention in Aberdeen in December!

Until next season,

Kelly

Ryan Raynor, Trails Specialist

It's that time of year again where we say goodbye to the end of the snowmobile season. Unfortunately, we really didn't get to say Hello this year with historically minimal grooming on both sides of the state.

On the eastern side, it was our second year in a row with well below average snow conditions. To my knowledge, a few clubs went out before December 15th, to lay down some rushes and vegetation without the drag. Unfortunately, by the time the season started, all that melted away and it was pretty much crickets until late February and early March. The Aberdeen Driftbusters were able to groom one rotation. I hope folks took advantage as that trail only lasted a few days with above average temperatures showing their ugly head again. I hate that local clubs and snowmobilers can't take advantage of the time and efforts club members take into their local trail system. I'd like to personally thank the 14 clubs for participating in the 2025-2026 Grant in Aid Program. I know some work will continue like removing the trail signs, and preparing for next year's GIA application, but next year is the year we break this horrible trend!

The Black Hills pretty much mirrored what happened east river. The Gem of Midwest Snowmobiling saw one of the worst snow conditions in decades and while the 23-24 season was another poor snow condition season, I think the 25-26 season just out did that season. We groomed 5 rotations this year and probably broke a couple thousand miles total between those shifts if that.

I do want to end on a high note as we have made good progress with many of our large projects over the winter. We now have a 2nd draft of the Use Survey which park staff will be reviewing those materials and meeting again with RRC to comment. As you know we are currently working with USD to provide an updated Economic Impact Study, last performed in 2010-2011. This study will include surveys being generated for 5 different categories including: resident, non-resident, industry, club, and club member surveys. Due to lack of snow, the resident and nonresident survey will now take place next season. We are moving forward this month with the industry, club and club members surveys. Once those are live, Raynor and Percy will distribute to clubs, club members, and businesses across the state.

In closing, Thank You to the Snowmobile Community for another great year of laughter and memories. We have plenty of work to do during our shoulder seasons for this program and GFP looks forward to continued collaboration with the Advisory Council, SDSA Board and the rest of the snowmobile community.

Treasurer's Trail - Jody Moss

Greetings, fellow snowmobilers!

As this season winds down, I find myself reflecting on the memories we created—despite the challenges that came with limited snow. Even without ideal conditions, our club stayed active and connected. From monthly meetings to volunteer projects to local outings, we still found plenty of ways to enjoy the sport and each other's company. A few lucky members even chased snow beyond our region, and it was a treat to hear their stories and share their adventures.

Volunteerism continues to be one of the strongest threads in our snowmobiling community. If you haven't already, please remember to submit your charity report by April 1st. These reports help highlight the generous spirit of our riders and demonstrate the positive impact we have across our communities.

Even with a light winter, our passion for snowmobiling never wavered. Thank you for your enthusiasm, your volunteer hours, and your commitment to keeping our sport strong.

Jody Moss
SDSA Treasurer

Mary Anne Grabow, SDSA Secretary/Editor

It's hard to believe that our snow season is almost over and we haven't seen much snow at all! It's hard to keep the enthusiasm going when the white stuff forgets to fall. Most all of the state hasn't received rideable snow this season.

I've got to say I was super impressed with the first issue that Forum printed and mailed for us. I heard some feedback from people that felt the way I did - (AND I APPRECIATE FEEDBACK). Believe it or not, it's hard to know if you're doing something right or wrong without feedback. *Marilyn* it was good to hear from you. I seem to struggle to get my replies to you to go back to you. Promise I'm not ignoring your emails!

We're in the process of getting bids for the coming season of the Sno Plainsman to review at our next meeting.

You'll see a lot of photos of things our directors have been up to this season. Everyone is doing an amazing job of representing you, our members of SDSA.

Thank you!

Fellow off-road enthusiasts: with low snow conditions this season in the Black Hills, some trail designations can be confusing. Please educate yourselves on where you can and cannot ride. We're seeing ATVs and side-by-sides on snowmobile-only trails, which are not designated for wheeled OHVs and often cross private property. Recreating on them— even unintentionally—puts landowner relationships and future trail access at risk. Please encourage your friends to ride only on designated motorized OHV trails and help protect long-term access for everyone!!! Please help us spread the word!

2026 SDSA Convention | Aberdeen, SD
December 4–5, 2026

Listen up, see... as winter skips town and the snow thins out on the Dakota Midland Trail, some folks hang up their sleds and call it a season. Not in Aberdeen. The Aberdeen Drift Busters Snowmobile Club has been workin' behind the scenes — quiet like — lining up plans for a convention that would make even the toughest mob boss tip his fedora.

Mark your calendar for December 4–5, 2026, at the Best Western Hotel in Aberdeen. This year's gathering carries a little extra swagger with the theme:

"Bootleg Trails & Powder Tales – A Decade of Snowmobiling"

We're mixing high-octane horsepower with high-rolling 1920s flair. Expect a weekend full of action, attitude, and just enough mischief to keep things interesting.

What's on the Lineup, Boss

1. Rekindling old alliances and trail partnerships
2. Lively games and backroom-style activities
3. Silent and Live Auctions (bring your best bid, wise guy)
4. Snowmobiler of the Year Awards
5. Educational sessions to sharpen your operation
6. 1920s Speakeasy entertainment and underground-style games

The Saturday Night Speakeasy

Now here's the real headline. Saturday night, after the banquet, things go underground.

Attend the Saturday Night Banquet to get the password and location details for entry into our SDSA Speakeasy. Once inside, expect entertainment, games, and an atmosphere straight outta 1926.

Dressing the part ain't mandatory, but if you show up in pinstripes, suspenders, fedoras, flapper fringe, pearls, or slicked-back hair, you'll fit right in. There may even be a little something special for those who look like they just stepped out of a Chicago back alley.

Keep it on the level... and keep it quiet. You never know who's listening.

Make Your Arrangements

For all the official details, head to:
www.AberdeenDriftBusters.com/2026SDSA

Registration opens soon — keep your ear to the ground.

The Best Western Hotel is serving as convention headquarters and is offering a special rate of $129.99 + tax per night. Rooms will disappear faster than a crate of "bootleg" juice, so reserve early by calling **605-229-4040** and asking for the **2026 SDSA Convention Room Block**.

The Raffle Operation

To help cover convention costs, the Aberdeen Drift Busters Snowmobile Club is running a gun raffle. If you or your club want in on the action, round up your order and contact Casey Weismantel at 605-216-7058. Once payment's received, the tickets will be shipped out faster than a getaway car.

So, keep this under your hat, capisce?

Spread the word — but not too loud. We hope you have a safe off-season and make plans to roll into Aberdeen this December.

The trails may be cold... but this convention's gonna be hot.

Casey Weismantel
Aberdeen Drift Buster Snowmobile Club
2026 Convention Chair

CLUB NEWS

Hello from the Great Plains Snowtrailers,

We held a very short meeting at Ryan's Restaurant in Huron on March 3, 2026 with 9 members in attendance.

We talked about the lack of snow and doesn't sound like there is much in the forecast. Our trail has some water in the ditches from the melting of what snow we did have. It was discussed that we can start taking the trail out after March 31st.

We did not have much to discuss but it was good to get together have a good dinner and visit.

Our next meeting will be held on Tuesday, April 7th at the Vault in Huron.

Brenda Jager
Great Plains Snowtrailers

DEADLINES

February 1 -
ACSA Scholarship

February 25 -
SDSA Scholarship
Go to www.snow-mobilesd.com and look under forms

February 25-
Jon LaFramboise YETI scholarship
Go to www.snow-mobilesd.com and look under forms

October 4 - ISMA Grant Applications

CLUB NEWS

SIOUXLAND SNO-TRACKERS SNOWMOBILE CLUB

While a lot of the east side of South Dakota didn't see rideable snowfall this winter, our club has remained active and connected. As snowmobilers know, the sport is about more than just riding—it's about community, shared experiences, and staying involved year-round.

In February, a few members had the opportunity to attend the ACSA Mountain Riding Summit. The trip included breathtaking scenery, excellent riding conditions, and a great chance to connect with fellow snowmobile enthusiasts from across the country. Events like this remind us how strong and welcoming the snowmobiling community is, no matter where we ride.

By the time this newsletter reaches you, our trails will be taken down and stored away for the season. Even though we didn't see snow locally this year, the work that goes into maintaining and preparing our trail system continues to be an important part of what we do.

Looking ahead, we have several events coming up that will keep our club engaged. Our end-of-year meeting will be held on April 11, where we will elect officers and board members and reflect on the past season while planning for the future.

We are also planning our annual spring ditch cleanup on April 25 for the section of highway our club has adopted along our trail. This is a great opportunity for members to give back to our community while helping keep our area looking its best.

Even during the off-season, the adventures don't stop. To keep the fun going through the summer months, we're planning an ATV ride in the Black Hills from June 11–14. It should be a fantastic trip filled with great trails, beautiful views, and good company.

While this winter may not have brought snow to our side of the state, there is still plenty to look forward to. Our club continues to stay active, support the snowmobiling community, and enjoy time together—no matter the season.

Well, it's just about a wrap for this winter season! Mother Nature sure has it in for us here in SD! While several of our club members made trips out west there wasn't any activity around Watertown that's for sure.

My family got in a little ride time out at the farm but was limited to ditches. There is always hope for a good ol winter storm in April but at this point I think we are all about ready to wash the sleds up and put them into storage and hope next year brings a ton of snow!

We still have a couple more monthly meetings left to plan our spring and summer club events. Bowling is always one we look forward to.

We hope everyone has nice Easter coming up. There isn't much to report from our neck of the woods but enclosed are some pictures from our club member's trips! Enjoy!

Greetings from the hills where the temperatures certainly do not feel like winter. This not only makes it hard to focus on snowmobiling but makes it hard to plan any events or activities around snowmobiling. There have been a few riders off and on in the hills- reports are that most trails lack snow, but you can find small areas off trail along the way. The future forecast continues to be more of the same, looking like this may bring an end to our short riding season. With the warmer winter weather, we are seeing more SXS riders on the trails and some reports of trail damage from UTV's. We want to remind riders to be mindful and respectful when using the trails in the hills.

We had our annual club ride in Dubois, WY from February 18th through the 22nd. It was a smaller group that in the past with around 11- 17 riders throughout the days. Snow conditions were OK with reports with some very good areas to find snow to play in. This year most of the group stayed up to the top in the parking lot with trailers by Togwotee Lodge and some down the hill near Dubois. All sleds and riders made it home safely, only a few muscle pains to report. The club is discussing ways to make the ride more suitable for all riders with varying levels of riding and offering more riding options as this needs to be geared towards club members' abilities to keep the group together.

We have some exciting news- we finally have a VP for our club! Congratulations Matt Crowell we look forward to next year. With that our monthly meetings have come to an end, and we will have our next meeting on Tuesday October 6th, 2026. We will now look forward to our fun summer ride/ camping in the hills weekend, which is planned for June 19th to the 21st at Mt. Meadows in Hill City.

Until the next issue.....ALL GREAT THINGS MUST COME TO AN END- but only UNTIL NEXT SEASON WITH WHERE NEW ADVENTURES AWAIT!

Black Hills Snowmobile Club

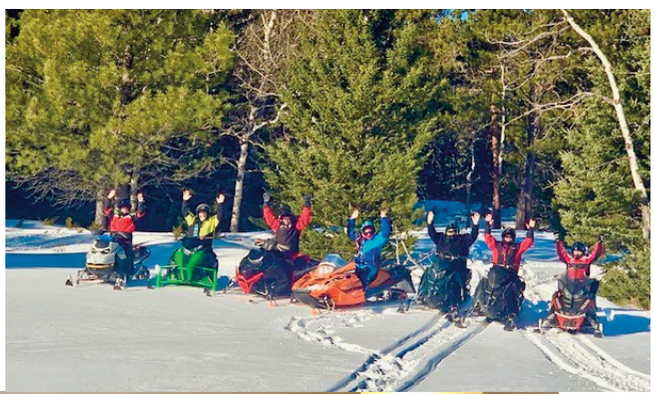

CLUB NEWS

Reminder the 1st Annual Winter Ride is still active until March 31. Venture out and visit our wonderful associate members, and get your hanky stamped!
The Dakota Drifters charity ride, held on February 7, was a huge success - donating $2750 to Brookings County Youth Mentoring Program (BCYMP)!

Twelve members of the Dakota Drifters ventured to Ponderosa Hills Vacation Cabin in the Black Hills on February 26 - March 1 to enjoy the planned club ride/event. Trailshead Lodge prepared a wonderful club meal Friday evening.

Three days of riding, while enjoying great food, fun games, and endless laughter!
The next club meeting will be held at our newest associate member, Toronto Cafe & Lounge, Toronto, SD, on Wednesday, March 11, at 7:00pm.
Lastly, please mark your calendar for our Spring Banquet, April 11, where we will be announcing the winner of the Winter Ride!

Interlakes Snow Roamers of Madison SD hosted our annual Vintage Snowmobile show and ride Feb 7th at the Point Bar east of Madison SD. We did not end up with any snow for the ride but people brought out 66 snow machine to put on display. It was a great time seeing old friends and meeting new ones with like interests. 1st Place winners were Mike Robbins pre 1999 independent class, Nikki Miller 2000 newer class, Brad Gomer 1969 newer leaf spring class, Doug Koch Antique class, and Mike Robbins race class. Other winners were Clay Tweet and Julie Pederson in the suit contest and Jeff Spars won the 50/50 drawing.

We would like to thank our sponsors that help make events like this happen.
The Point Bar, Roaming Grounds Coffee Truck, Dakota Ethanol, Dairy Queen of Madison, One Stop Madison, Classic Comer Madison, Interlakes Sport Center.

Mark your calendar for up coming snowmobile events. June 4-6 2026 Milbank SD vintage Snowmobile Show and Swap, August 7-9 2026 National Snowmobile Show Huron SD, and February 6th 2027 Madison SD Interlakes Snow Roamers Vintage show and ride.

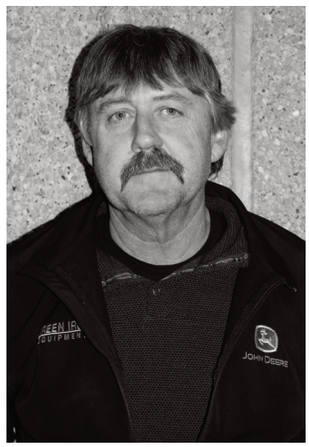

Darin Cooper, District 1 Director

Well, not much to report hear except spring temps.The world famous Jackson Hole hillclimb was even canceled this year, first time I can remember that happening. The forecast for the rest of March looks promising for a last ride of the year further west. Get out and enjoy.

This year, we had 5 applications for the SDSA scholarships and 4 for the Jon LaFramboise/Yetis scholarships. Not sure why there is less for the Yetis, it's free to sign up to be a member.
Make sure to get the gun raffle tickets sold and turned in, as we will be drawing at the May meeting in Pierre. With the cancelation of the snocross and Governors ride, tickets sales have not been the greatest and we need all the help we can get to make this fundraiser worth it. That's all for this season.

Lee Olson, District 3 Director

Hello again everyone.
Another month gone by, still not being able to ride much. We did get a small group together last Sunday and rode around Aberdeen. Some ditches were good, others were not so good. We did manage to ride 60 miles though.

With March around the corner we are getting a measurable snow fall this morning. Too bad it wouldn't have come two months ago. As we're all aware, it's been a terrible year for our sport in South Dakota. Pretty much all winter events were cancelled this winter. That also makes it tough on the businesses involved in snowmobiling. So if you have the chance support the ones that support SDSA and local clubs.

Plan on attending the State Convention in Aberdeen this year. Get your rooms booked when they become available.

Lee Olson District 3

Snowmobile Safety Course:

https://www.snowmobile-ed.com/
Contact:
Ryan.Raynor@state.sd.us
for a code to take the course free!

Nathan VanZee District 4 Director

Hello everyone. I hope everyone is doing well. Its definitely been a strange winter and not one that snowmobilers enjoy. I've been able to put more miles on my motorcycle than my sled. On the bright side there should be some cheaper priced sleds on the market if your looking to upgrade.

Be sure to check out our associate members and give them some business as well. They still need us even on the slow years even if it just stop in and thank them for supporting us.

Remember if you're thinking of putting in a bid for 2027 convention to get it done sooner than later. I've heard some rumors and I'm excited to see who might be up for it.

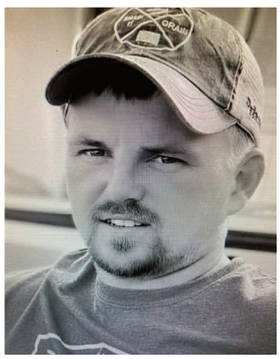

Todd Wess, District 6 Director

Well season is slowly wrapping up here.

I did finally get a chance to ride myself when I went out to Wyoming for a trip end of February. Had a good time riding an area I had not been to before. Other than that there is not much to report.

As always keep the shiny side up and the track down.

Trace Damm, District 7 Director

Hello Everyone,

There's no sugar coating this year we were given. Around home, snow lasted for maybe a day or two. Just long enough to get the girls on the 120. We made sure to make the most out of it when we could, that's for sure. I could not make it out west this year, as my schedule has been getting increasingly busy with work and travel. As crazy as sports have become in this world, I see that becoming part of our family's lifestyle in the near future. I did have a few friends go out west where they said they hit a good day or two but then warmed up way too fast. Don't forget to keep attending team meetings and get those summer activities planned to help your club stay connected. See if your club can pick a day to get the trails out followed by a team lunch or supper. Enjoy the summer and we will see you in the fall!

April2026_202122SP 3/14/2026 11:46 AM Page 21

Minutes of the Board of Directors meeting February 14, 2026 LRC 413 Pierre SD

these minutes have not been approved by the board of directors yet

President Mike Boock called the meeting to order at 10:04 a.m.

Mary Anne called the roll. Present were: Mike Boock, Jason Shepherd, Kelly Weaver, Nathan VanZee, Chris VanDenHemel, Todd Wess, Jody Moss & Mary Anne Grabow. Present on zoom: Darin Cooper, Jackson Wenger, Lee Olson, Caeden Bunde & Trace Damm. Also present were: Jim Weaver, Brian Moss, Kari VanDenHemel, Shannon Percy & Ryan Raynor.

Motion to approve the agenda with the addition of ISC 2028 in the new business was made by Kelly and seconded by Jason. Motion carried.

Motion to approve the minutes presented for the annual meeting and the pre and post convention was made by Jason and seconded by Todd. Motion carried.

Financial report: Jody gave an overview of the finances including investments. Motion to file the financial reports for review was made by Kelly and seconded by Jason. Motion carried.

President's report: No snow is affecting club attendance & membership. Mike encouraged the clubs to have campouts or other activities to keep the clubs going - no snow isn't good for club morale.

Mike encouraged the directors to attend as many club meetings as possible. He also emphasized that the directors prioritize attending the SDSA meetings. We only have 4 meetings a year -. In person meetings are valuable - for recharging everyone's batteries.

Snoplainsman/office: Leader Printing was sold and Forum is now our printer to fill out the contract for this season. It's time for members to be pulled off the mailing list. A lot of the clubs haven't mailed in their memberships yet! That means they get pulled off the mailing list only to be put back on once they've paid. Much easier if they are sent in on time.

Trails specialist: Ryan opened his report speaking about the "snow bear bill" and it is the only bill that would affect snowmobiling. It doesn't fit into snowmobile and Ryan was just filling us in on it all.

SDSU Veterans Ride. Cancelled this year - would have been the 8th annual. Held 4 times - cancelled 4 times.

East River - a little snow early. But not much going on for the season. They sold a surplus groomer on Purple Wave.

BH Update - Four 1 person grooming shifts. Trails are not great. OHV's are all over the trail system. We are trying to get the word out so that they know that it's unacceptable. People will start to see fines! There is a forest closure during snow season. OHV season doesn't start until May 15th. But there are roads that they can use in the forest.....which makes it tough!

Shannon gave us an update on how the process is going on getting easements on private property.

Ryan updated us on the non resident permitting. It is on hold as our funds in the snowmobile system are good yet. Much discussion was held and questions asked. Advisory will meet face to face in March -

5 minute break 11:20

Reconvened - 11:30

ACSA update - Chris Gamache will be on the next ACSA call. Wisconsin does a lot of safety training - but it's required in their state. 6 have used the online link for safety training in SD. Sno Trackers hosted a safety course. ACSA Mountain Riding Summit February 18-22, 2026 West Yellowstone, MT.Holiday Inn West Yellowstone, MT Feb 19 is the ride - South Dakota will be well represented. They have inquired about South Dakota hosting the ride in the future but it would have to be in the Black Hills.....if the hills have snow.

DC Fly in tentatively April 18-22.

continued on page 22

April2026_202122SP 3/14/2026 11:46 AM Page 22

SDSA minutes February meeting continued from page 21

Gov Relations - We'll discuss the legislators "perks" since we couldn't host Governor's Ride this year. ISMA had their photographer along on the ride Kelly was just on so we could see some familiar faces in the new ISMA photos. Brad Block out of the Custer office reached out to Mike, Kelly, and Mary Anne.
Grants - We received $9500 for the EIS from ISMA.
Convention. Went off well for both the club and the SDSA. Roughly 100 were in attendance. Aberdeen is working on their plans. The theme is 1920's so get your "attire" planned out for the weekend.
Next gen national riders. Kelly suggested having them as speakers or breakout sessions for the convention. SDSA pay a share? Aberdeen pay? Discussion was held - no decisions were made. Perhaps this is a YETIS discussion. 21-30 for next gen riders criteria. YETIS and Convention Committee should collaborate perhaps. Austin Cooper got the Snow Hares going again at SDSU. It had fallen to the wayside but is active again. Austin will soon be in the next gen group as far as age.

Fundraiser:344 tickets are not turned in yet. We are past breakeven. Drawing will be at the May meeting. MaryAnne sent 29 tickets with Kelly to take to the ride in Yellowstone. SOPS say that we aren't supposed to talk about fundraising on social media. We think that's more for not talking about who won how much but perhaps SOPS need an update on that.

Awards - At convention, we discussed changing our award system. We may have the interview on zoom prior to convention - and winners would be announced at convention. If we want to implement the change, we would need to do more on that issue. Awards committee will work on that.

Website - It's been updated recently.

Membership: 338 family members, 108 associates, 54 legacies 500.

Bylaws & right to ride - Just what Mike brought up on SOPS and Gov. Ride SOPS. Convention sops says both the convention and the upcoming convention both need to host a hospitality room and perhaps the wording just needs to say "may" host.
Convention:A lot of good discussion was held regarding the hospitality room.
If you bring your own (byob)- that doesn't mean you can get in the hospitality room whenever you want.
Safety - Not much happening. We need to promote safety training more.

Charities - Reports due April 1 - Mary Anne & Jody are working on this together.Send it out to the clubs now - with the old form. (done)

Scholarship. Discussion was held on using ACSA's topic and using their deadline February 1. Can't do it this year - but we should be able to implement this coming season. This would not automatically change the Jon LaFramboise scholarship. Discuss this more at next meeting.
Governor's Ride - - we just need to discuss next year's. Governor hasn't been in attendance forever. 2 legislators committed this year - and one backed out. Much discussion was held. Vendors liked it better on a non holiday weekend. Governors Ride Committee needs to do some serious discussions.
SnoCross - won't know until September what the schedule is.
YETIS - meeting in March for ISC presentation. Trying to get a lot more YETIS to come to ISC.
Gun Raffle tickets postmarked by April 15th.
continued on page 23

SDSA minutes February meeting continued from page 22

2027 Bid: Great Plains Snowtrailers club is looking at bidding the 2027 convention. SDSA discussed whether we could help the club in anyway such as volunteer.Nathan mentioned doing a district bid. Kelly mentioned that each club could have their own area that they are responsible for. (In the event all 3 clubs went together). Black Hills Snowmobile Club had 8 in their "core committee". **Jason made a motion to extend** the deadline until the May meeting. Kelly seconded the motion. Motion carried. The Black Hills club will be sending in their history of how the convention went.

ISC - Mike is going and so is Kelly so they'll be the two delegates. All of the SDSA clothing is "missing". Mike & Holly packed it up on Sunday morning but not sure where it went after that. **Jason made a motion to spend** $250 on Black Hills Gold for the ACSA auction. Trace seconded the motion. Motion carried.

Money will be sent to Nebraska for the sponsorship ($500).

DC Fly In - Mike thinks he will be able to attend. Kelly & Jim will also attend.April 18 - 22 tentatively. We've done SDSA clothing, coasters, etc. If YETIS have some clothing, that would be great.

Legislative visit - March 10, 2026 - Mike, Kelly, Jason & Nathan will try to go. A few others will try too.Schedule a meeting with GFP too. SDSA report that Mary Anne updates for Fly in can be updated. Trifold brochure as well. Questionnaire(?) about governor's ride. Perhaps a QR code? Card with 3 questions to hand in to pages? Individually wrapped cookies. $295 plus tax for 10 dozen cookies. Decorated with our logo or a snowmobile or snowflake. Mary Anne could message the day before. SDSA is coming to Pierre tomorrow we'd love to visit with you. Email the people who we have hosted at the Governor's Ride.Kelly & Mike will figure out the details.

ISC 2028 - Hotel contract will be signed shortly. **Jason made a motion to put $5000** from savings account for seed money and return the $5000 to SDSA before profits are figured on the ISC. Kelly seconded the motion. Motion carried. Discussion was held regarding which bank to use and the board thought Dacotah Bank would work well as it is located in Rapid City, Sioux Falls, Watertown, Brookings and Aberdeen.

Core committee needs to meet. ISC 2028 should be put on agenda for old business as standing item.RTP funds were used for ISC 2016. ($10,000)

May meeting will be third Saturday in May. 9 a.m. Gov Advisory with SDSA following. Nathan made a motion to adjourn 1:17 p.m.

Photo from the ACSA Mountain Region meeting with Tracey Erickson presenting to the group.

ACSA Mountain Region Meet & Ride West Yellowstone

Wanted...
Snowmobile Supporters

About Us...

We are an organization of Snowmobilers working **to promote and protect snowmobiling in South Dakota** and throughout the country. We work closely with **South Dakota** GF&P, local federal forest managers and many State and local legislators to keep the outdoor recreation of Snowmobiling alive and well in our State for generations to come. SDSA also partners with **the American Council of Snowmobile Associations.**

ACSA works on a more national level and brings the state associations together as a single stronger voice to Snowmobiling.

- **Your tax deductible donation** will continue to enable the positive work that the **South Dakota Snowmobile Association** does throughout South Dakota and nationwide. Such as....
- **Supporting** access to trails and public lands.
- **Networking** with fellow snowmobile enthusiasts.
- **Safety** courses & avalanche training.
- Lobbying for federal trail funding.

Legacy Membership
$750

(1) Any individual active member is eligible for legacy membership, who has an interest in snowmobiling and is willing to pay current legacy membership dues. Dues must be paid prior to granting a legacy membership. A legacy member maintains the same privileges as an active member.

(2) To honor the dedicated interest in snowmobiling and in club activities, a snowmobile club in good standing with SDSA, may sponsor an individual club member for a Legacy Membership by making an application and paying, on behalf of the individual, the current legacy membership dues

The National Show & Swap is proud to recognize outstanding exhibitors each year – and we want to keep those awards meaningful, high quality, and accessible to everyone who participates.
To help offset the cost of producing and presenting these awards, we're inviting supporters to contribute moderate donations. Every dollar goes directly toward celebrating the people who make this event special.
Perhaps your club would like to sponsor a class?? That would be a HUGE help! Contact us for more information!

If you value the tradition, the craftsmanship, and the community, consider lending a hand.
Together, we can keep the awards shining.

June 4-6 Milbank Show

The 60th International Snowmobile Congress
June 7 – 11, 2028
Rapid City, South Dakota

August 7 - 9 National Snowmobile Show

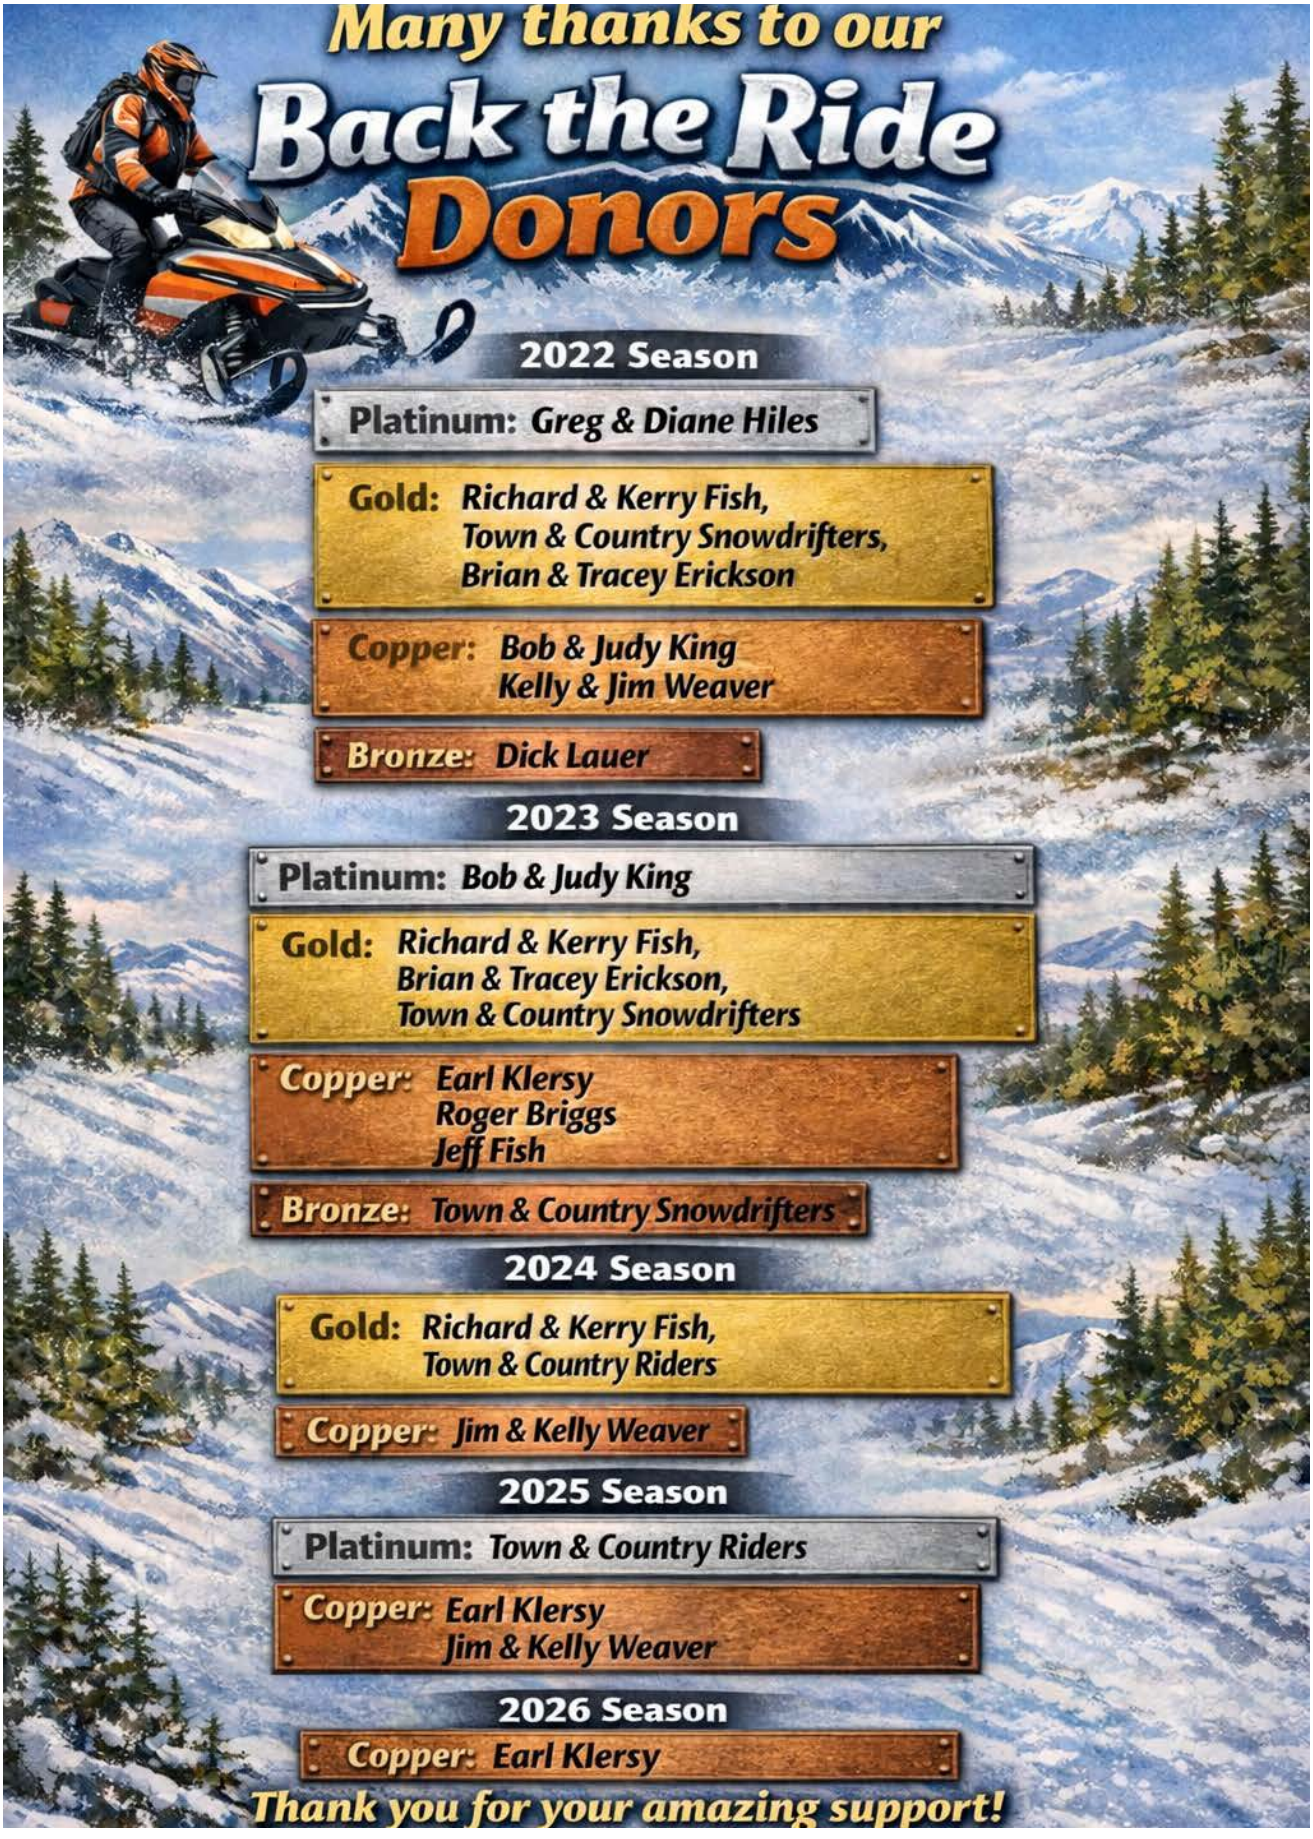

98-year-old David Low lifetime member of MSA/MISORVA and a member of the snowmobile Hall of Fame is still riding a snowmobile he recently competed in an annual obstacle course event in Wayland.

Of course, as you would expect he did come in last, but he doesn't really care just being able to get on a snowmobile and make it go quite an accomplishment he says. "My goal is to ride my snowmobile on my hundredth birthday. I may have to go to North Dakota to do it as my birthday is October 29. To all of you keep riding a snowmobile and have as much fun as I have had over the years."

If you attend ISC or ACSA meetings, you probably know David. He's an inspiration to all snowmobilers! He enjoys people and visiting about snowmobiling.Just an all around good guy.

Many thanks to our
